

Lapal Primary School
Year 5 Learning Project

Age Range: Year 5	Week Beginning: 29 th June 2020
Daily Maths Tasks (Aim to do one per day)	Daily English Tasks (Aim to do two per day)
<p>Maths focus for this week: Decimals</p> <p>Go to the White Rose website, scroll down and select your child's year group. Click on Summer term, week nine (w.c. 29th June). You will see four lessons for this week. Under each lesson, you will find a video. Watch the video and have a go at answering the questions on Google Classrooms. You will find the questions in 'classwork' > White Rose Maths Tasks > Week 12. There is a worksheet for lessons 1 to 4. For those of you who have not signed up to Google Classrooms, you unfortunately won't be able to access these materials. Please use those provided on BBC Bitesize instead.</p> <p>Monday:</p> <ul style="list-style-type: none"> • Warm up: Go on Times Tables Rock Stars and practise for 20 minutes. • Main activity: Lesson 1: Measure with a protractor. <p>Tuesday:</p> <ul style="list-style-type: none"> • Warm up: Warm up your arithmetic brain by completing the Daily 10. • Main activity: Lesson 2: Drawing lines and angles accurately. <p>Wednesday:</p> <ul style="list-style-type: none"> • Warm up: Go on Times Tables Rock Stars and practise for 20 minutes. • Main activity: Lesson 3: Calculate angles on a straight line. <p>Thursday:</p> <ul style="list-style-type: none"> • Warm up: Warm up your brain by answering the questions on the Calculations Test 3. The booklet containing this will be uploaded separately. • Main activity: Lesson 4: Calculate angles around a point. <p>Friday:</p> <ul style="list-style-type: none"> • Main activity: Try out The 24 Game. You will need a pack of cards to play. If you do not have a pack, make your own number cards on paper. Alternatively, if the weather is pleasant, you could get out and go on an angle hunt. Use these right angle finders, see if you can spot acute, obtuse and right angles. 	<p>Monday:</p> <p>Warm up: Can you remember what an expanded noun phrase is? Take the quiz and see how you get on!</p> <p>Main activity: Log onto your Google Classroom account and look at your new assignment. You will need to watch the clip and use the planning grid to plan your 5W's and headline.</p> <p>Tuesday:</p> <p>Warm up: How many antonyms can you find for the word 'beautiful'?</p> <p>Main activity: Take part in the speech lesson to ensure that your speech is punctuated accurately.</p> <p>Wednesday:</p> <p>Warm up: Can you identify the verbs and adverbs? You will also need to fill in the missing words in sentences.</p> <p>Main activity: Use the planning grid on Google Classrooms to plan the vocabulary and grammar for each paragraph.</p> <p>Thursday:</p> <p>Warm up: Can you match these homophones in this interactive game?</p> <p>Main activity: Use the template provided on Google Classrooms to write the first half of your newspaper article on The Lighthouse. Make sure that you use the writer's checklist to help you.</p> <p>Friday:</p> <p>Warm up: How many synonyms can you find for the word 'nice'?</p> <p>Main activity: Use the template provided on Google Classrooms to write the final half of your newspaper article on The Lighthouse. Make sure that you use the writer's checklist to help you.</p>

Learning Project
(Aim to do throughout the week)

Year 5 and 6 (Linked to Knowledge Organisers on school website):

- **History** – Research how the [Tudors](#) tried to prevent disease. Some advice that was given seems a bit bizarre. Can you sort the treatments into strange advice and sensible advice that we still use now?
- **Science** – Research the work of [Charles Darwin](#) and create a mind map of important information about him. Think about these points: Who was he? When was he around? What did he do? What break-through did he make? How is this still used now?
- **P.E** – As you have missed [sports day](#) this year, we would like to see your own home versions. Set up an egg and spoon race, an obstacle course and standing jump for your family members to compete in. Can you add any of your own races?

Mental Health & Well Being Tasks

- Think about our GREAT ways to wellbeing: this week focus on **relating to others**: Make time to keep in touch with the people you love. This week, why not speak to or write to someone you care about - a grandparent, aunt / uncle or friend? Keeping regular contact with friends and family can strengthen your relationships whether it's on a video call, on the phone or by letter or text.
- Look at the ['Action for happiness'](#) calendar and complete the daily activities.
- Are you running out of things to talk about with the family over dinner? Use these [conversation starters](#) to begin an interesting discussion.
- Feeling anxious? [Mindful breathing](#) can really help during these times. Aim to do it once a day.
