

Lapal Primary School Key Stage 1 Learning Project	
Age Range: Year 1 and 2	Week Beginning: 1 st June 2020
Daily Maths Tasks (Aim to do one per day)	Daily English Tasks (Aim to do two per day)
<p>Developing fluency For 20 minutes each day, please practise recalling number bonds and multiplication facts using the following links/ideas:</p> <ul style="list-style-type: none"> · Log into Times Table Rockstars and practise recalling times tables facts. A battle has been set, can you beat the other class? (Year2) · Play on Hit the Button - number bonds, halves, doubles and times tables. · Practise counting forwards and backwards in 2s, 5s and 10s. (5 mins) <p>Maths focus for this week: Go to the White Rose website, scroll down and select your child’s year group.</p> <p>Year 1: Focus – length, height, capacity and mass. Click on Summer term, week six (w.c. 1st June). You will see five lessons for this week. Under each lesson, you will find a video. Watch the video together and encourage your child to have a go at answering the questions on Google Classrooms. You will find the questions in ‘classwork’ > White Rose Maths Tasks > Week 8. There is a worksheet for lessons 1 to 4. For those of you who have not signed up to google classrooms you unfortunately won’t be able to access these materials. Please use those provided on BBC bitesize instead.</p> <p>Year 2: Focus – multiplication and division Click on Summer term, week six (w.c. 1st June). You will see five lessons for this week. Under each lesson, you will find a video. Watch the video together and encourage your child to have a go at answering the questions on Google Classrooms. You will find the questions in ‘classwork’ > White Rose Maths Tasks > Week 8. There is a worksheet for lessons 1 to 4. For those of you who have not signed up to google classrooms you unfortunately won’t be able to access these</p>	<p>Reading Read a book for 20 minutes every day.</p> <ul style="list-style-type: none"> ● Choose a book from your bookshelf to read to someone in your house. If you would like to read something different, choose a book from Book Trust to read. ● Visit www.oxfordowl.co.uk to read one of the books from our reading scheme in school. It is free to sign up. Once you have registered, go to the ‘Free eBook Library.’ Click on ‘level, then click on ‘book band.’ Select your child’s book band from the list and then choose an ebook from one of the shelves below. <p>Spelling and letter formation</p> <ul style="list-style-type: none"> ● Encourage your child to practise the Year 1/2 Common Exception Words (see list) ● Then ask your child to choose 5 common exception words. They can then write the meaning and an example of how to use the word in a sentence. ● Practise spellings on Spelling Frame. ● Practise Kinetic Letters (slider family – v, w, x, z, k) <p>Phonics</p> <ul style="list-style-type: none"> ● Year One – children please practise the following alternative sounds for ch: Chop, chin, church, school, Christmas, chemist, chef, machine, chalet. ● Year one and year two children: Each morning, at 10:30am, Letters and Sounds will be delivering online phonics lessons through YouTube. There will also be extra blending practise at 11am.

materials. Please use those provided on BBC bitesize instead.

Learning Project
(Aim to do throughout the week)

Year 1 (Linked to Knowledge Organisers on school website):

- **Science** - Following on with our learning around seasonal changes we would like you to think about how the different seasons affect humans. From previous learning we have seen how animals respond to the change in seasons and would like you to explore how the seasons affect us. Consider the clothes we wear, food we eat and activities we perform based on the different seasons. We would then like you to draw a picture of yourself during two different seasons showing what you are wearing, what you are doing and what fruits or vegetables you are eating.
- **Geography** – Continuing with our ‘Around the World’ topic, focusing on the seven continents, we would like you to explore the continent of Australia. We would like you to identify and locate Australia on a map of the world. Can you predict what the weather is like by looking at the map and how close Australia is to the equator? Next, we would like you to find out lots of interesting facts about Australia using these [video clips](#) to help you. Finally, we would like you to create your ‘Australia Fact File’ using all the information you have learnt. You may like to include facts about famous landmarks, beaches, common wildlife, or the amazing Great Barrier Reef.
- **Physical Exercise** – Can you take part in daily physical activity that increases your heart rate? Can you explain to an adult why your body changes during physical exercise and why this is important for staying healthy? Your daily exercise could include a brisk walk, riding your bike or scooter, making up your own dance to perform or engaging in a sporting activity such as football or tennis. If you want to be really creative you could also design an obstacle course or circuit in your garden using a variety of objects for you and your family to use to exercise on. If you have chalks could you draw a little obstacle course on the path outside your house? This will encourage others to take part in physical activity as well as spreading a little happiness!

Year 2

- **Science** – Recycling-Recycling is so important but why? Watch [this video](#) to learn about the importance of recycling and the dangerous effects it can have on our wildlife if we don’t. Can you record all the items you recycle at home this week? Maybe you could reuse some of these items to create something new like using a cereal box for a robot or using empty bottles for bird feeders?
- **Geography**– This half term our new Unit in Geography is ‘Seas and Coasts’. We would like you to locate the five oceans and seven continents on a world map. What is an ocean and what is a continent? Watch [this video](#) to help you answer these questions. You may want to print out this [world map](#) to help you locate each ocean and continent too.
- **Physical Exercise** — In PE this half term our Unit is ‘Brilliant Ball Skills’. Have a go at ‘Backyard Bowling’. A classic game bound to get the whole family outside! All you’ll need is 10 empty bottles and a ball of your choosing. Set out the bottles in a pyramid formation with the row at the back consisting of four bottles, then three, two and one! Don’t forget to keep a scorecard as things can get pretty heated.
- **YEAR 1 And 2 MUSIC** - [Tip Tap, Tickle-tickle, Bip bap bong!](#) At first this may seem like an easy song but you will need to really concentrate to play these rhythms and sing the words. Make sure you keep in time with the pulse. As you learn this song you can try out new ways of playing rhythms using your body percussion. When you have finished can you compose your own rhythms using body percussion and teach them to

someone else in your house?

Mental Health & Well Being Tasks

- Think about our GREAT ways to wellbeing. This week, focus on 'appreciating the world around us.' On the 8th June, it is World Oceans Day and we would like to focus on the importance of our oceans and the vital role we have in looking after them. Have a look at this [leaflet](#) or watch this [video](#) for some more information. Can you create a poster to explain the effects of plastic on the oceans? Perhaps you'd prefer to create a poster with some top tips for recycling at home or in school. Maybe you could be in charge of the recycling in your house this week. Ask your parents to take a photo of you sorting the recycling and post it onto Google Classrooms to show your friends.
- Look at the '[Action for happiness](#)' calendar and complete the daily activities.
- This week, why not start a new family tradition? One night a week, one person plans a family fun night. You could stick to a theme, choose which food to eat, movie to watch or game to play. Take it in turns to plan this special night each week. Enjoy!
- Using this [Go Noodle link](#), complete one of the 'Good Energy at Home' activities.
